## Pneumonia Measures

### **What is the source of these Clinical Data comparisons?**

The clinical measures shown below have been identified by [The Joint Commission](#) as being important indicators of care quality. The **Joint Commission** is the leading health care accrediting body in the United States. It evaluates how organizations comply with a broad range of standards, and it accredits nearly 16,000 health care organizations in the United States, including Upstate Medical University. Upstate Medical University is fully accredited by the **Joint Commission**.
